

Session Program

31 March 2025

**Eols for the Development of Sub-Detectors
and Detector Concepts for the FCC**

Muons

Monday 31 March

16:00

Muons: Muons

Session

16:01-16:02 **Development of micro-RWELL technology for the Muon system**

16:02-16:03 **Resistive Micromegas for muon system**

16:03-16:04 **Detector development and production, MPGDs or MWPC**

16:04-16:05 **Timing RPCs for muon system**

16:05-16:06 **A Muon System with Square Drift Tubes and Scintillator Strips**

17:00
