

Session Program

15-17 Dec 2025

12th Symposium on Large TPCs for low-energy rare event detection

Session IV

Université Paris Cité, L'amphithéâtre Vulpian
12 rue de l'école de Médecine 75006 Paris

Tuesday 16 December

09:00

Session IV

Session | **Location:** Université Paris Cité, L'amphithéâtre Vulpian, 12 rue de l'école de Médecine 75006 Paris

09:00–09:35

Experimental review on neutrino physics and oscillations.

Speaker

Claudio Giganti

09:40–10:00

T2K upgrade

Speaker

Samira Hassani

10:05–10:25

The Short Baseline Near Detector: status after first year of physics data

Speaker

Miquel Nebot-Guinot

10:30
