9:00 AM

Combined: Hadronic final states/structure functions

Session | **Location:** University of Bonn, Wolfgang Paul Lecture Hall, Kreuzbergweg 28, 53115 Bonn, Germany,

9:00 - 9:20 AM **New features in version 2 of the fastNLO project**

Speaker

Daniel Andreas Britzger

9:20 - 9:40 AM

Inclusive jet production measured with ATLAS, and constraints on PDFs

Speaker

Dr Bogdan Malaescu

9:40 - 10:00 AM **Jet cross section measurements with CMS**

Speaker

Ozlem Kaya

10:00 - 10:20 AM **On the timelike splitting functions at NNLO and beyond**

Speaker

Andreas Vogt

10:20 - 10:40 AM **A new approach to hadron multiplicity ratio**

Speaker

Paolo Bolzoni

10:40 AM
