Welcome to the Linac-4 Instrumentation review
CERN, 18.10 2011
What we are looking at
Goal of the meeting

- Last chance to still make modifications to instrumentation
- Did we overlook anything?
- Is the performance of the instrumentation sufficient
- Is the budget sufficient?

Invited international expert team:
A. Alexandrov (SNS), A. Feschenko (INR), P Forck (GSI), C. Carli (CERN)
Today: presentations

- Most presentation 20 mins + 5 mins questions
- Tight schedule, speakers please stick to your allocated time
Tomorrow

• 11:00 Presentation by the expert team reporting on their findings
