

Session Program

7-12 Jun 2026

**BEACH 2026: XVI International Conference
on Beauty, Charm, Hyperons in Hadronic
Interactions**

Charm

Firenze

Tuesday 9 June

14:30

Charm

Session | Location: Firenze | Convener: Nicola Neri

14:30-14:55 **Charming clues to explain existence**

Speaker
Alexander Lenz

15:00-15:16 **Measurement of the relative phase between strong and EM decays**

Speaker
Yadi Wang

15:20-15:36 **Mixing and CPV in charm at LHCb**

Speaker
Mark Richard James Williams

15:40-15:56

Measurements of $|V_{cd(s)}|$, decay constants, and form factors in (semi)-leptonic D decays at BESIII

Speaker
Heng Ma

16:00

16:30

Charm

Session | Location: Firenze | Convener: Michele Veltri

16:30-16:47 **Precision Measurements of Rare χ_{cJ} Decays at BESIII**

Speaker
Guangrui Liao

16:52-17:12 **Nonlocal QCD effects in $D^0-\bar{D}^0$ mixing.**

Speaker
Alexey Petrov

17:17-17:34 **The hadronic decays of charmed mesons at BESIII**

Speaker
Xin Zeng

17:39-17:56 **CP violation in the decay of charmed hadrons at LHCb**

Speaker
Irene Celestino

18:01-18:21 **The ALADDIN experiment at LHC**

Speaker
Gabriele Simi

18:30
