## Spectroscopy 1.3

**Session** | **Location:** CERN, 500/1-001 - Main Auditorium | **Convener:** Joan Soto

14:00–14:20 **Flavor mixing in charmonium and light mesons**

**Speaker**

Francesco Giacomo Knechtli

14:20–14:40 **Spin dependent potentials for hybrids**

**Speaker**

Paul Pütz

14:40–15:00 **Tetraquarks on the lattice**

**Speaker**

Padmanath Madanagopalan

15:00–15:25  **$e^+e^-$  annihilation into hidden charm final states at BESIII**

**Speaker**

Zhentian Sun

15:25
