

5th DRD1 Collaboration Meeting and Topical Workshop Towards
Sustainable Gas Mixtures for Future Detectors

Contribution ID: 304

Type: **not specified**

Preliminary results of 50cmX50cm μ RGroove with fast ground lines

Friday 20 June 2025 09:50 (25 minutes)

Presenter: HE, Siqu (University of Science and Technology of China (CN))

Session Classification: Working Group 1: Technological Aspects and Developments of New Detector Structures, Common Characterization and Physics Issues
