

5th DRD1 Collaboration Meeting and Topical Workshop Towards
Sustainable Gas Mixtures for Future Detectors

Contribution ID: 332

Type: **not specified**

The Monte Carlo Simulation Tool of Electron Transport in Noble Gases and Liquids

Tuesday 17 June 2025 11:05 (20 minutes)

based on arXiv:2501.01095v2

Presenter: LEI CAO (Institute of High Energy Physics, Chinese Academy of Sciences)

Session Classification: Working Group 4: Detector physics, simulations, and software tools
