

# RADCOR 2011, 10th International Symposium on Radiative Corrections (Applications of Quantum Field Theory to Phenomenology)

## Thursday 29 September 2011

### Multi-loop methods (08:30 - 10:30)

time	[id] title	presenter
08:30	[38] R(s) and Z decay in $O(\alpha_s^4)$ : complete results	CHETYRKIN, Konstantin
09:00	[39] $O(\alpha_s^3)$ Contributions to the Heavy Flavor DIS - Wilson Coefficients at general Values of N	BLUEMLEIN, Johannes
09:30	[40] Symbolic Summation for Particle Physics	SCHNEIDER, Carsten
10:00	[41] Two-Loop QED Operator Matrix Elements with a Massive External Fermion Line	DE FREITAS, Abilio
