GDB Introduction

Michel Jouvin
LAL, Orsay
jouvin@lal.in2p3.fr

GDB, June 2012

Meeting Details

- Room nomadism because of delay in IT amphi repairs
  - Very difficult this month because of the clash with Atlas and ALICE weeks
  - This afternoon in building 40, 40-S2-C01, **at 13:45**

- Summary maker: who is volunteering?
  - Advice: take your notes in Twiki syntax if you know it…
  - Avoid too many details: mainly decisions and open questions
  - Goal: 30-60mn for formatting after the meeting
  - I agree to review them before publishing

- Vidyo/chat monitoring: who is volunteering?
  - Log with your CERN account to handle meeting conrol (e.g. mute/unmute)

Meeting Summaries

- Meeting summaries are important for **following-up discussions/decisions**
  - Help those who could not attend to get the essential of a meeting
  - Not formal minutes
  - Mostly a summary of discussions, decisions and open questions

- Available in GDB Twiki area in the next days after the meeting
  - https://twiki.cern.ch/twiki/bin/view/LCG/WLCGGDBDocs
  - Meeting summary linked from the agenda as *minutes*
  - Twiki area also contains a list of actions in progress and topics to be followed-up

- Rotating person in charge decided at the beginning of the meeting

2012 Meetings

- Second Wednesday of each month
    - No exception until mid-2013
    - Report any clash I am not aware of…

- August is cancelled
    - I will not be able to chair it
    - May keep the morning slot for a phone meeting if needed

- October meeting is planned in Annecy
    - May be coupled with a "pre-GDB"

- 2 German proposal received : KIT and DESY
    - Expect March meeting (motor show) to be in Germany…
    - October should be the other remote meeting but can be adjusted according to proposals

Future Meeting Focus

- No traditional experiment session this quarter
  - Good coverage in NY

- July GDB
  - Middleware support/development after EMI
    - Meeting planned with EMI and EGI on July the 4th at CERN
  - T1SCM report and proposed evolutions from TEG
  - CVMFS deployment status
    - Run a site survey? Who?
  - RFC proxies
  - DPM community progress

- September
  - IPv6 session based on the testbed run by the HEPiX WG
  - GGUS update

Today: Main Topics

- Post-TEG work: priorities and main WGs needed

- Post-EMI initial discussion to prepare a meeting with EGI and EMI
  - Planned at CERN July the 4th
  - WLCG invited

- Status and evolution of Information System

- Glexec deployment plan proposal

- Discussion with experiments
  - Richer environment information on WNs
  - Handling of jobs with high memory profiles

Other Issues to Follow-Up

- See actions in progress in Twiki GDB area

- perfSONAR
  - Encourage deployment at T2s of Vos other than ATLAS

- SHA2/RFC proxies: follow-up in July and review need for plan B

- WN virtualisation and image management

Forthcoming Meetings

- OGF35 Delft, June 17-19
  - Followed by ACM HPDC12, Deft, June 18-22.

- ICHEP 2012, Melbourne, July 4-11
  - Expect a lot of analysis up to the conference!

- EGI Technical Forum, Prague, 17-21 September

- HEPiX Fall Meeting, IHEP, 15-19 October

Please, let me know the meetings you are aware of
