

Session Program

12-14 Dec 2011

LHC Beam Operation workshop - Evian 2011

Session 4: Operational performance

Royal Hotel
Evian-les-Bains

Tuesday 13 December

08:30

Session 4: Operational performance

Session | **Location:** Royal Hotel, Salon Edelweiss/Hélianthème, Evian-les-Bains

08:30–08:55

Aperture & optics - measurements and conclusions

Speaker

Stefano Redaelli

08:55–09:20

Emittance preservation in LHC: Present understanding, possible improvements/gains, required diagnostics

Speaker

Verena Kain

09:20–09:45

Intensity ramp-up: 2011 experience - Limitations, mitigation, risks, strategy, pushing it in 2012, 1380 in 3 weeks?

Speaker

Markus Zerlauth

09:45–10:10

Transverse feedback: high intensity operation, AGC, IGC, lessons for 2012

Speaker

Daniel Valuch

10:10
