

Session Program

12-14 Dec 2011

LHC Beam Operation workshop - Evian 2011

Session 6 : Systems operational performance

Royal Hotel
Evian-les-Bains

Tuesday 13 December

14:00

Session 6 : Systems operational performance

Session | Location: Royal Hotel, Salon Edelweiss/Hélianthème, Evian-les-Bains

14:00-14:25

Orbit and tune feedbacks/diagnostics - user perspective, performance, issues (ADT,QT trips)

Speaker

Laurette Ponce

14:25-14:50

Beam instrumentation - critical overview, beam size measurements - what happened to bunch by bunch, BPM (briefly)

Speaker

Mariusz Gracjan Sapinski

14:50-15:15

RF - matching, blow-up etc. system performance, intensity limits for 2012, de-bunching

Speaker

Philippe Baudrenghien

15:15
