

# Implications of LHCb measurements and future prospects

## Thursday, 10 November 2011

### CP violation in the B system - 222/R-001 (14:00 - 17:30)

time	[id] title	presenter
14:00	[21] Overview of LHCb results on CPV in the B sector and future prospects	COWAN, Greig
14:15	[22] Impacts of recent LHCb results on NP models	ISIDORI, Gino
14:45	[23] Penguin pollution in $\phi_s$ and effective $B_s$ lifetime measurements	FLEISCHER, Robert
15:15	Coffee	
15:45	[24] What we can learn from $b \rightarrow s$ penguins?	JAEGER, Sebastian
16:15	[25] New method for measuring $\phi_s$	VIRTO, Javier
16:30	[26] Discussion
