

Session Program

23-25 Oct 2025

Workshop on isospin symmetry violation: kaons and beyond - ISO-BREAK 25

Brainstorming Possible Explanations and More

Institute of Physics, Jan Kochanowski University, B1
ul. Uniwersytecka 7, 25-406 Kielce, Poland

Saturday 25 October

10:00

Brainstorming Possible Explanations and More

Session |

Location: Institute of Physics, Jan Kochanowski University, B1, ul. Uniwersytecka 7, 25-406 Kielce, Poland |

Convener: Wojciech Broniowski

10:20–10:50

Effect of q - $\bar{q}$ mutual interaction on q - $\bar{q}$ creation

Speaker

Stanislaw Mrowczynski

10:50–11:20

Strong fields and Isospin violation in the initial stage of heavy ion collisions

Speaker

Johann Rafelski

11:20–11:40

Thoughts on isospin

Speaker

Dr Leonardo Tinti

11:40

12:00

Brainstorming Possible Explanations and More

Session |

Location: Institute of Physics, Jan Kochanowski University, B1, ul. Uniwersytecka 7, 25-406 Kielce, Poland |

Conveners: Katarzyna Grebieszkow, Katarzyna Grebieszkow

12:00–12:20

Testing strangeness conservation

Speaker

Herbert Stroebele

12:20–12:40

Nonlinear selection rules due to isospin symmetry

Speakers

Ludwik Turko, Ludwik Turko, Ludwik Turko

12:40–13:00

Implementing isospin breaking within THERMINATOR

Speaker

Dr Radoslaw Ryblewski

13:30

13:00–13:20

Discussion
