

## **Session Program**

**29 September 2025 to 3 October 2025**

**15th HL-LHC Collaboration Meeting, CERN,  
29 September - 2 October 2025**

***Wednesday PM - WP4***

# Wednesday 1 October

14:00

## Wednesday PM - WP4

**Session** | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin | **Convener:** Robert Laxdal

14:00-14:20 **CM lessons learned SPS and CERN series**

**Speaker**

Teddy Capelli

14:20-14:30 **Alignment**

**Speaker**

Vivien Rude

14:30-14:40 **Vacuum**

**Speaker**

Giuseppe Bregliozzi

14:40-15:00 **Cryogenics for crab cavities, design to realization**

**Speaker**

Krzysztof Brodzinski

15:00-15:20 **CRAB Mechanical measurements overview and next steps**

**Speaker**

Michael Guinchard

15:20-15:40 **UK cryomodules build qualification and alignment strategy**

**Speakers**

Edward Jordan, Mr Edward Stephen Jordan

15:40-16:00 **First North American OVC and lessons learned**

**Speaker**

Oliver Law

16:00

16:30

## Wednesday PM - WP4

**Session** | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin | **Convener:** Niklas John Templeton

16:30-16:50

**UK cryoline manufacture inspection, test experience and lessons learned**

**Speaker**

Carlos Manuel Guerra Granjeiro

16:50-17:10 **UK Quality management and continuous improvement updates**

**Speaker**

Carlos Manuel Guerra Granjeiro

17:10-17:30 **RFD cryomodules production readiness and open issues**

**Speaker**

Robert Laxdal

18:00

17:30-18:00

**Discussion**
