Measurement of θ_{13} via antineutrino disappearance using two theories

Tuesday 8 May 2012 17:45 (15 minutes)

Author: KISSLINGER, Leonard S (Physics Department, Carnegie Mellon University)

Co-authors: Dr HENLEY, Ernest M. (Department of Physics, University of Washington); Dr JOHNSON, Mikkel B. (Los Alamos National Laboratory)

Presenter: KISSLINGER, Leonard S (Physics Department, Carnegie Mellon University)

Session Classification: Neutrino
