

Session Program

7-9 Jan 2026

NuPhys2026: Prospects in Neutrino Physics

Plenary Session

King's College London
King's College London, Strand, London, WC2R 2LS

Friday 9 January

14:00

Plenary Session

Session | **Location:** King's College London, Safra Lecture Theatre

14:00-14:30 **Liquid Detector Technologies For Neutrino Physics**

Speaker

Diana Navas

14:30-15:00 **From Dark Matter to Neutrinos: The Reach of Dual-Phase Xenon TPCs**

Speaker

Chiara Capelli

15:00-15:30 **Deep learning for neutrino physics**

Speaker

Dr Saul Alonso Monsalve

15:30
