AMFIE
Provident Savings Plan

Presentation
organised by Staff Association
September 3rd in Council chamber
1:00 PM to 2:30 PM

AMFIE - Luxembourg

AMFIE - Financial cooperative association of international civil servants
Established in 1990 by a group of 21 international civil servants, AMFIE now serves over 8000 members from 146 organisations, and manages more than 460 million euros in funds.
AMFIE is the only financial cooperative serving all staff members of intergovernmental organisations (including consultants, temporary staff, and holders of long-term contracts with such organisations).

Spouses, partners, and children of members may also benefit from AMFIE's services.
As both a "Professional of the Financial Sector" and a cooperative, AMFIE holds a mixed status, unique in Luxembourg, which means that it is answerable to laws governing both the financial sector and the cooperative sector.

Equality of treatment
All members receive the same personalized service, no matter how much they have invested.

7 global currencies
Simply deposit funds in any of AMFIE's seven currencies : EUR, USD, CAD, CHF, GBP, AUD, and DKK.

Reduced charges
A transparent fee structure and reduced charges are a central feature of AMFIE's management policy.

Secure management
Security is the guiding principle of our investment policy. AMFIE never speculates on foreign exchange fluctuations.

Provident Savings Plan (PEP)

- **Financial liberty**

  You are the designer of your financial liberty at retirement
