

Session Program

7-9 Nov 2011

Database TEG Workshop

***Conditions data, COOL, CORAL, Frontier and
database replication and remote access
issues***

CERN

Monday 7 November

14:20

Conditions data, COOL, CORAL, Frontier and database replication and remote access issues

Session | **Location:** CERN, 40/S2-C01 - Salle Marie Skłodowska-Curie

14:20–14:50 **COOL and CORAL: a critical review**

Speaker

Andrea Valassi

14:50–15:10 **ATLAS use of COOL/CORAL**

Speaker

Andrea Formica

15:10–15:30 **CMS Conditions evolution**

Speaker

Giacomo Govi

15:30–15:50 **LHCb conditions evolution**

Speaker

Marco Clemencic

16:00–16:30 **Coffee break**

16:30–17:00 **Oracle database replication, backup and archiving technologies**

Speaker

Eva Dafonte Perez

17:00–17:20 **Frontier evolution**

Speaker

Dave Dykstra

17:20–17:30 **ATLAS Frontier plans**

Speaker

Dr Dario Barberis

17:30–18:00 **Discussion**

18:00
