

Session Program

19-21 Nov 2025

Flavours at FCC Workshop

WG2: CP-violating measurements

CERN, 4/3-006 - TH Conference Room

Thursday 20 November

11:30

WG2: CP-violating measurements

Session | Location: CERN, 4/3-006 - TH Conference Room

11:30-11:50 **CKM angle alpha : status and prospective**

Speakers

Olivier DESCHAMPS, Dr Olivier Deschamps

12:00-12:20 **CP Violation at FCC-ee -- Interplay with Flavor and EDMs**

Speaker

Joachim Brod

12:30

14:00

WG2: CP-violating measurements

Session | Location: CERN, 4/3-006 - TH Conference Room

14:00-14:20

Time-dependent CP violation in $B_s^0 \rightarrow \phi \mu^+ \mu^-$ with the IDEA detector concept

Speaker

Valeriia Lukashenko

14:30-14:50 **CP Violation in B Decays at the FCC-ee: A Theorist's Perspective**

Speaker

Robert Fleischer

15:00
