

Session Program

26 November 2025

Joint DRD5-Unicorn workshop on radiation damage to quantum dots

Irradiation and Beam Tests

CERN, 222/R-001
222/R-001

Wednesday 26 November

14:30

Irradiation and Beam Tests

Session | **Location:** CERN, 222/R-001, 222/R-001

14:30–14:50 **Quantum dots for HEP, space and medicine**

Speaker

Tribikram Choudhury

15:00–15:20

Real-time capture of electron-induced material degradation using CL-SEM tools

Speaker

Gabija Soltanaite

15:30–15:50

Proton and Neutron irradiation facilities for community access

Speaker

Dr Vagelis Gkougkousis

16:00–16:20

Coffee break

16:20
