

## Session Program

3-4 Feb 2026

## COSMIC WISPer Working Group Meeting

### *Talks: WG2*

CERN, 4/3-006 - TH Conference Room

## Tuesday 3 February

11:05

### Talks: WG2

**Session** | **Location:** CERN, 4/3-006 - TH Conference Room

11:05-11:50 **Early Peccei-Quinn field dynamics and its gravitational signatures**

**Speaker**

Geraldine Servant

11:50-12:35

**Dark graviton dark matter: cosmological production mechanisms and prospects for detection**

**Speaker**

Federico Urban

12:35
