

**Session Program**

**17-19 Nov 2025**

**LHC EW WG General Meeting**

***Working Group 3 - EW multi-boson  
production***

CERN, 304/1-007

# Monday 17 November

16:30

## Working Group 3 - EW multi-boson production

Session | Location: CERN, 4/S-030

16:30-17:00 **Recent VBS+VVV results from ATLAS and CMS**

**Speaker**

Kelci Ann Mohrman

17:00-17:30 **Polarised-boson predictions in multi-boson processes**

**Speaker**

Rene Poncelet

18:00

## Wednesday 19 November

14:00

### Working Group 3 - EW multi-boson production

Session | Location: CERN, 304/1-007

14:00-14:30 **Recent diboson and polarisation results from ATLAS and CMS**

**Speaker**

Angela Maria Burger

14:30-15:00 **Parton-shower effects in VBF/VBS processes**

**Speaker**

Christian Preuss

15:00

16:30

### Working Group 3 - EW multi-boson production

Session | Location: CERN, 304/1-007

16:30-17:00 **Updates and plans for WG3**

**Speakers**

Despoina Sampsonidou, Giovanni Pelliccioli, Iro Koletsou, Mathieu Pellen, Santiago Folgueras, Shilpi Jain

17:00
