

The XIth International Conference on Heavy Quarks and Leptons

Tuesday, 12 June 2012

Neutrino Physics (14:30 - 18:05)

-Conveners: Adam Para; Rupert Leitner; Gianpaolo Bellini

time	[id] title	presenter
14:30	[79] Recent Results on Solar Neutrinos	RANUCCI, Gioacchino
14:55	[54] Observation of nonzero θ_{13} at reactor antineutrino experiments	BAND, Henry
15:25	[99] Long baseline neutrino disappearance	NICHOL, Ryan James
15:55	[80] Status of the geoneutrino study	ZAVATARELLI, sandra
16:20	Tea break	
16:40	[81] Developments on double beta decay search	CREMONESI, Oliviero
17:05	[91] Searches for high energy neutrinos	BRUNNER, Juergen
17:30	[98] Possible existence of sterile neutrinos	Prof. LINK, Jonathan
