

**Session Program**

**8-9 Dec 2011**

**First Open Collaboration Meeting on  
Superconducting Linacs for High Power  
Proton Beams (SLHiPP-1)**

***SC cavity tests***

CERN

## Friday 9 December

09:15

### SC cavity tests

**Session** | **Location:** CERN, 222/R-001 | **Convener:** Olivier Brunner

09:15–09:35

#### Results on cavity simulations and measurements

**Speaker**

Szabina Mikulas

09:35–09:50

#### Diagnostics for SPL cavities

**Speaker**

Kitty Liao

09:50–10:10

#### Dumbbell measurements

**Speaker**

Nikolai Schwerg

10:10–10:30

#### Bead pull test bench & multipacting of HOM couplers

**Speaker**

Rob Ainsworth

10:30–10:45

#### Various approaches to electromagnetics field simulations for RF cavities

**Speaker**

Cong Liu

10:45
