

Session Program

21-22 Apr 2026

Einstein Telescope Vacuum and Cryogenics Industrial Workshop: opportunities and challenges

Vacuum towers session

CERN, 30/7-018 - Kjell Johnsen Auditorium

Wednesday 22 April

08:45

Vacuum towers session

Session | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium | **Convener:** Antonio Pasqualetti

08:45-09:05

European Gravitational Observatory: Overview and ongoing R&Ds;

Speaker

Antonio Pasqualetti

09:05-09:25

Chambers manufacturing challenges (production rates, surface finishing, conditioning)

Speaker

J. Gargiulo

09:25-09:45

Methods of Cleanliness Control in Controlled Environments

Speaker

F. Romano

09:45-10:05

Contamination control of technical surfaces: case of space applications

Speaker

Delphine Faye

10:05
