

# EMI Open Source Workshop

## Report of Contributions

Contribution ID: 0

Type: **not specified**

## Introduction

*Wednesday 8 February 2012 09:00 (20 minutes)*

Overview of the current status of the ScienceSoft discussions and brief definition of the “rules of the game” for the day

Contribution ID: 1

Type: **not specified**

## Setting the community scene: who is who

*Wednesday 8 February 2012 09:20 (40 minutes)*

Open discussion about which community we are targeting, whether the community exists already, who should be part of it, what problems or needs are they experiencing, etc. All participants are invited to describe which community they are part of and brief descriptions of their most urgent needs and goals

Contribution ID: 2

Type: **not specified**

## **ScienceSoft: vision, scope, features and services**

*Wednesday 8 February 2012 10:00 (2 hours)*

Based on the agreed definition of what community ScienceSoft should serve and their needs, what should it do? What services should it provide, what features. What is the vision in one year, three years, ten years?

Contribution ID: 3

Type: **not specified**

## Organization and mandate

*Wednesday 8 February 2012 13:00 (1h 30m)*

Once the vision, scope, services, functions, etc. are defined, what organizational structure should ScienceSoft adopt? Is there anything already in place that may fulfill this role? If not, can we define what is its mandate and those of the people setting it up and their roles and responsibilities?

Contribution ID: 4

Type: **not specified**

## Operation and funding mechanisms

*Wednesday 8 February 2012 14:30 (1 hour)*

How should the ScienceSoft organization operate? What are the possible funding mechanisms, membership policies, partnerships?

Contribution ID: 5

Type: **not specified**

## Timeline and next steps

*Wednesday 8 February 2012 15:30 (1 hour)*

How long will it take to implement the defined organization? What are the immediate next steps?

Contribution ID: 6

Type: **not specified**

## Summary

*Wednesday 8 February 2012 16:30 (30 minutes)*

Summary of the day, final thoughts, next meetings/workshops/events
