

Welcome

7th Trento Workshop on Advanced
Radiation Detectors (3D and p-type)

7 th edition of the workshop

- 30 talks (20+5 min – ample time for discussion) – about the same as last year
- There is one change in the agenda (Cinzia's and Daniel's talk on IBL detectors will be swapped)
- Coffee breaks are around 30 min – time to discuss things over coffee
- Visit to the reactor (most of you have already come across the sensors/electronics that took a bath in the core – please sign for the visit

Internet

- Guest access or EDUROAM – instructions can be found in the registration folder

Lunch

- 5 min walk away - instructions can be found in the registration folder
- today we have to take our bags with us - can not be left in the conference room
- there are 4 different main dishes that you can select from – tell the number.
- drinks are not included

We order 3 days of sunny weather with mild temperatures...☺
