

Session Program

20-24 Jul 2026

34th International Workshop on Vertex Detectors

Introduction

Monday 20 July

13:30

Introduction

Session | **Location:** Stoos Lodge, Stoos, Switzerland | **Convener:** Giacomo Sguazzoni

13:30-13:45

Welcome

Speaker

Lea Michaela Caminada

13:45-14:15

Future directions of particle physics at accelerators

Speaker

Michele Selvaggi

14:15-14:45

Status Report of the DRD3 Collaboration on Solid-State Detector Technologies

Speaker

Prof. Ivan Vila Alvarez

14:45-15:15

Vertex reconstruction at the LHC experiments and new developments

Speaker

Wolfram Erdmann

15:15
