

Implications of LHC results for TeV-scale physics

Thursday 29 March 2012

WG3 parallel: Heavy new physics and boosted techniques - 4/2-011 - TH common room (09:00 - 10:30)

time	[id] title	presenter
09:00	[62] CMS top-like BSM and boosted techniques	HINZMANN, Andreas
09:30	[63] ATLAS Exotic top and fourth generation searches	HELSENS, Clement
10:00	[64] Higgs Hunting with the Template Overlap Method	JUKNEVICH, Jose
10:20	[65] Discussion	SALAM, Gavin PEREZ, Gilad
