

Session Program

26-30 Mar 2012

**Implications of LHC results for TeV-scale
physics**

***Plenary: Signals of electroweak symmetry
breaking***

CERN

Tuesday 27 March

09:00

Plenary: Signals of electroweak symmetry breaking

Session | **Location:** CERN, 500/1-001 - Main Auditorium

09:00–09:30

Final Tevatron Results on Higgs Searches**Speaker**

Aurelio Juste

09:30–10:05

Latest CMS results on SM Higgs searches**Speaker**

Christoph Paus

10:05–10:50

Latest ATLAS results on SM Higgs searches / towards the combination**Speaker**

Eilam Gross

10:50–11:10

coffee break

11:10–11:50

Latest results on ATLAS/CMS BSM Higgs searches**Speaker**

Markus Schumacher

11:50–12:20

Latest progress on CMS/ATLAS results on WW scattering**Speaker**

Sara Bolognesi

12:20–12:30

WG1: How to go ahead?**Speaker**

Georg Weiglein

12:30
