

Session Program

26-30 Mar 2012

**Implications of LHC results for TeV-scale
physics**

WG1 parallel

CERN

Thursday 29 March

11:00

WG1 parallel: Alternative scenarios

Session | **Location:** CERN, 4/3-006 - TH Conference Room

11:00-11:25

Ultraviolet clues from Infrared fingerprints

Speaker

Alfredo Urbano

11:25-11:50

Tests of the SM through Dijets

Speaker

Oriol Domenech

11:50-12:15

Vector resonances in composite Higgs models

Speaker

Brando Bellazzini

12:15-12:40

BSM novel Higgs signatures

Speaker

Marta Felcini

12:40
