

**Session Program**

**26-30 Mar 2012**

**Implications of LHC results for TeV-scale  
physics**

***WG2 parallel: EW-inos, difficult scenarios***

CERN

## Thursday 29 March

14:00

### WG2 parallel: EW-inos, difficult scenarios

**Session** | **Location:** CERN, 4/3-006 - TH Conference Room

14:00-14:20

#### ATLAS+CMS Searches for SUSY in leptonic final states

**Speaker**

Zoltan Gecse

14:25-14:50

#### WZ+MET, light higgsinos, hidden SUSY and all that

**Speaker**

Howard Baer

14:55-15:15

#### Compressed SUSY spectra

**Speaker**

Prof. Stephen Martin

15:20-15:35

#### Hide and Seek with Natural Supersymmetry at the LHC

**Speaker**

Dr Benjamin Allanach

15:40-16:00

#### Discussion of implications and what should go into the report

16:00
