

**Session Program**

**26-30 Mar 2012**

**Implications of LHC results for TeV-scale  
physics**

***Joint WG2+WG3***

CERN

# Thursday 29 March

11:00

## Joint WG2+WG3: Long lived particles and SUSY

**Session** | **Location:** CERN, 4/2-011 - TH common room

11:00-11:20 **CMS Long Lived Particles and other exotics**

**Speaker**

James Francis Hirschauer

11:20-11:40 **ATLAS Long Lived Particles and other exotics**

**Speaker**

Philippe Mermod

11:40-12:00 **Long lived charged slepton NLSP**

**Speaker**

Jan Heisig

12:00-12:20 **Gravitino Dark Matter and Hidden SUSY**

**Speaker**

Sergei Bobrovskyi

12:40
