

Session Program

26-30 Mar 2012

**Implications of LHC results for TeV-scale
physics**

WG2 parallel: Constraint models and fits

CERN

Wednesday 28 March

09:00

WG2 parallel: Constraint models and fits

Session | **Location:** CERN, 4/3-006 - TH Conference Room

09:00–09:15 **CMSSM and NUHM analysis with BayesFITS**

Speaker

Leszek Roszkowski

09:15–09:30 **CMSSM and NUHM1 fits with Fittino**

Speaker

Michael Kramer

09:30–09:45 **Mastercode fits**

Speaker

Matthew Dolan

09:45–10:00 **Implications of fine-tuning**

Speaker

Dumitru Ghilencea

10:00–10:30 **Discussion of constraint models and fits**

10:30
