

Session Program

26-30 Mar 2012

**Implications of LHC results for TeV-scale
physics**

WG2 parallel: general (unconstrained) SUSY

CERN

Thursday 29 March

16:30

WG2 parallel: general (unconstrained) SUSY

Session | **Location:** CERN, 4/2-011 - TH common room

16:30–16:55 **SUSY without Prejudice at LHC-7 & LHC-8**

Speaker

Thomas Rizzo

16:55–17:15 **Light neutralinos in the pMSSM**

Speaker

Alexandre Arbey

17:15–17:35 **Implications of a 125 GeV Higgs for extensions of the MSSM**

Speaker

Genevieve Belanger

17:35–18:00 **Discussion of implications and material for the report**

18:00
