

Session Program

8-12 Jun 2026

GR effects in ASS

Discussion

Old Prison of Aegina
Aegina island, Greece

Monday 8 June

16:00

16:30

Discussion: local structure, exact GR and the FLRW limit

Session | **Location:** Old Prison of Aegina, Aegina island, Greece

Tuesday 9 June

16:30

17:00

Discussion: relativistic clustering observables, observer effects and PNG

Session | **Location:** Old Prison of Aegina, Aegina island, Greece

Wednesday 10 June

13:00

13:30

Discussion: light-cone observables and relativistic propagation

Session | **Location:** Old Prison of Aegina, Aegina island, Greece

Thursday 11 June

15:00

15:30

Discussion: anisotropy, dipoles and the cosmological principle

Session | **Location:** Old Prison of Aegina, Aegina island, Greece

Friday 12 June

13:00

13:30

Discussion: Workshop wrap up

Session | **Location:** Old Prison of Aegina, Aegina island, Greece
