The European Review

2010 Volume 18, issue 2 - **now available online** and as pdf

---

The Academia Europaea has published the '**European Review**' (ER) since 1993 on behalf of members and in conjunction with the Cambridge University Press (Since 1998). The ER is a quarterly, peer reviewed and international journal.

Editorial control is in the hands of an independent board. The European Review publishes articles and reviews that will be of broad interest to an intellectual readership, world-wide. Contributions come from academics, professionals and those in public life and address multi, and interdisciplinary issues across the sciences arts, humanities and Letters. The Review provides the AE with a vehicle for publication of articles from sponsored conferences and workshops. The editorial board invites specific contributions and reviews from leading opinion formers world-wide. The review has become available fully on-line from CUP.

Proposals for articles are always welcomed and should be discussed first with the Editor-in-chief **Professor Theo D'Haen**.

The headquarters of the Academy are housed in some rooms at the top of this famous building

We are a European, non-governmental association acting as an Academy. Our members are scientists and scholars who collectively aim to promote learning, education and research. Founded in 1988, with over 2000 members which includes leading experts from the physical sciences and technology, biological sciences and medicine, mathematics, the letters and humanities, the social and cognitive sciences, economics and the law.

Note: This is the "**AE-INFO-Server**" of the Academia Europaea. **It is work in progress, to be finished in 2012/2013.** Its eventual aim is to report comprehensively on activities of Academia Europaea and its members. It will be a showcase and provide a platform for discussions for both members and the general public. Some material and some discussions will be open to everyone, some only for designated groups.

The Official Server of Academia Europaea is at http://www.acadeuro.org.

Nominations for 2012 can start Sept. 25, 2011 but only using the AE Nomination Form 2012 below.

AE Nominatiom Form 2012

NOTE: To download and fill the AE Nomination Form 2012 please use Adobe's PDF Reader Version 7.0.5 or higher. Note that current versions are already 10.x , so if the PDF's don't work for you it is time to update your pdf Reader!!

Please read first the following rules of the Nomination Procedure 2012

- For each candidate you want to nominate download the above AE Nomination Form 2012 and store it on your computer, best using the name of the candidate.
- You and one co-nominator have to fill out all fields marked * in the AE Nomination Form 2012. When complete, send it as attachment to an e.g. empty email to nominations@ae-info.org by **April 30, 2012 the latest** .
- Submitting a form to the same section with exactly the same name for a candidate overwrites the previously uploaded form (i.e. later improvements are possible till the end of the nomination period)
- The nomination form does not allow any attachments. Nominators are free to send additional information on candidates to their section chair, who in turn can pass them on to the members of the section committee.
- Nominees (candidates) can be involved in the nomination processing by being asked to fill out the personal parts of the AE Nominatiom Form 2012, but they need not be informed about their nomination (to avoid disappointment when not being accepted, or to provide a positive surprise if accepted)
- Two nominators (and only two) nominators are obligatory. One of them has to come from a country different from the country of the candidate, both nominators must be ordinary members. (NOTE: foreign members, honorary members and patrons are NOT ordinary members an hence cannot nominate candidates)
- Each section chair has to provide a report of nomination activities (including a ranked list, the ranking involving all members of the section committee) to the chairperson of the nomination committee Ole Peterson at petersenoh@cardiff.ac.uk with a cc to Betty Lim at membership@acadeuro.org and David Coates at Execsec@acadeuro.org by **June 15, 2012 the latest**.
