

Session Program

28 September 2026 to 2 October 2026

TWEPP26 Topical Workshop on Electronics for Particle Physics

Modules

Castelldefels, Barcelona, Spain
Hotel Rey Don Jaime

Thursday 1 October

15:20

Modules

Session | **Location:** Castelldefels, Barcelona, Spain, Hotel Rey Don Jaime

15:20–15:36

Ultra-Low Latency Asynchronous Trigger Board for Calorimeter Prototype Tests at SPS

Speaker

Emanuele Romano

15:40–15:56

A flexible electronics and DAQ system for the Timepix4 ASIC

Speaker

Dr Nicolo Vladi Biesuz

16:00–16:16

The ePIC dRICH RDO: an FPGA-based card for a photodetection integrated system

Speaker

Sandro Geminiani

16:16
