

Session Program

23-28 Jul 2012

**BEACH 2012 - 10th International Conference
on Beauty Charm Hyperons in Hadronic
interactions**

Heavy Ions and more

Wichita, Kansas (USA)

Wednesday 25 July

09:00

Heavy Ions and more

Session | **Location:** Wichita, Kansas (USA) | **Conveners:** Holger Meyer, Eugene Pasyuk

09:00–09:35 **Review of Quarkonia at RHIC**

Speaker

Donald Isenhower

09:40–10:15 **Alice results from LHC**

Speaker

Bjorn Nilsen

10:20–10:55

Quarkonia production in proton proton and heavy ion collisions at TeV energies

Speaker

Michael Murray

11:00–11:30 **Coffee Break**

11:30–11:55 **J/psi/Upsilon/Chi_3b Production with the ATLAS Detector**

Speaker

Rui Wang

12:00–12:25

Measurements of quarkonium production cross-sections with the CMS experiment

Speaker

Yu Zheng

12:30–12:55 **IceCube, DeepCore and PINGU**

Speaker

Douglas Cowen

13:05
