

**Session Program**

**9-13 Feb 2026**

**ESAS International School on Applied  
Superconductivity**

***Session 3***

# Tuesday 10 February

09:30

## Session 3: Superconducting technology issues

Session

09:30–10:30 **AC losses in LTS and HTS**

**Speaker**

Marco Breschi

10:30–10:50 **Coffee Break**

10:50–12:50 **Cryogenics**

**Speaker**

Dr Bertrand Baudouy

12:50

14:20

## Session 3: Superconducting technology issues

Session

14:20–16:05 **Margins, Stability and Quench in LTS and HTS**

**Speaker**

Luca Bottura

16:05–16:25 **Coffee Break**

16:25–18:10 **Mechanics of Superconductors**

**Speaker**

Dr Marc Dhallé

18:15
