

Session Program

9-13 Feb 2026

**ESAS International School on Applied
Superconductivity**

Session 4

Wednesday 11 February

08:30

Session 4: Power applications of superconductivity

Session

08:30–09:30 **Superconducting rotating machines**

Speaker

Rémi Dorget

09:30–10:30 **Superconducting power cables and SMES**

Speaker

Antonio Morandi

10:30–10:50 **Coffee Break**

10:50–11:50 **Superconducting Transformers and Fault Current Limiters**

Speaker

Pascal Tixador

11:50
