

Session Program

9-13 Feb 2026

**ESAS International School on Applied
Superconductivity**

Session 5

Thursday 12 February

08:00

Session 5: Superconducting Magnet Technology

Session

08:30–10:30 **Superconducting Magnets for Fusion**

Speaker

Valentina Corato

10:30–10:50 **Coffee Break**

10:50–11:50 **High Field Magnets**

Speaker

Xavier CHAUD

11:50–12:50 **Fabrication and Application of bulk superconductors**

Speaker

Filip Antoncik

12:50

14:20

Session 5: Superconducting Magnet Technology

Session

14:20–16:20 **Accelerator Magnets**

Speaker

Bernardo Bordini

16:20–16:40 **Coffee Break**

16:40–18:00 **HTS for magnetic confinement fusion - Round table**

Speakers

Antonio Trotta, Luca Bottura, Neil Mitchell, Valentina Corato

18:00
