

Session Program

9-13 Feb 2026

**ESAS International School on Applied
Superconductivity**

Session 6

Friday 13 February

08:30

Session 6: Superconductors for Health

Session

08:30–10:00 **Superconducting Magnets for MRI and NMR**

Speaker

Guillaume Dilasser

10:00–11:00

Magnet technologies transforming Medicine: particles for Cancer Therapies

Speaker

Stephane Sanfilippo

11:00
