

Session Program

22-29 Mar 2026

**60th Rencontres de Moriond 2026: QCD &
High Energy Interactions**

Electroweak

Wednesday 25 March

17:00

Electroweak

Session | Convener: Henri Bachacou

17:00–17:15 **Standard Model W, Z (+jet) at CMS and ATLAS**

Speaker

Cedric Verstege

17:20–17:35 **Standard Model multibosons at ATLAS and CMS**

Speaker

Antonio Giannini

17:40–17:55

Charting the spin structure of WZ events at the LHC in and beyond the Standard Model

Speaker

Giovanni Pelliccioli

18:00–18:15

New BABAR precision results on $e+e-$ to $\pi+\pi-(\gamma)$ for muon $g-2$ HVP calculations

Speaker

Andres Pinto

18:20
