Thursday 24 September

16:30

Evening session 2

Session | **Location:** CIEMAT, Margarita Salas Auditorium , Av. Complutense 40, Moncloa, 28040 Madrid

16:30-17:15

SMEFT effects on spin correlations and entanglement at NLO QCD in di-boson production at hadron colliders (30'+15')

Speaker

Giovanni Pelliccioli

17:15-18:00

Z boson quantum tomography (30'+15')

Speakers

Morgan Del Gratta, Morgan Del Gratta

18:00-18:30

Quantum entanglement between Z-pairs from the Higgs decay (20'+10')

Speaker

Runxuan Wang

18:30
