

## Session Program

29 June 2026 to 1 July 2026

## 10th RED LHC workshop

### Session 1

Universitat de Barcelona, Aula Magna, Facultat de Física  
Carrer de Martí i Franquès, 1, 11, Barcelona

# Monday 29 June

15:15

## Session 1: SM/QCD

**Session** |**Location:** Universitat de Barcelona, Aula Magna, Facultat de Física, Carrer de Martí i Franquès, 1, 11, Barcelona |**Convener:** Begona De La Cruz

15:15–15:35

### Limits on new strongly interacting matter from measurements of Transverse Energy-Energy Correlations at the LHC (15'+5')

**Speaker**

Javier Llorente Merino

15:35–15:55

### Discovering hadron structures with jet observables (15'+5')

**Speaker**

IGNAZIO Scimemi

15:55–16:15

### Measurement of the fragmentation properties of $Y(nS)$ mesons inside jets (15'+5')

**Speaker**

Javier Llorente Merino

16:30
