

LAB Test Modules components inventory and procurement schedule

In LAB testing facility

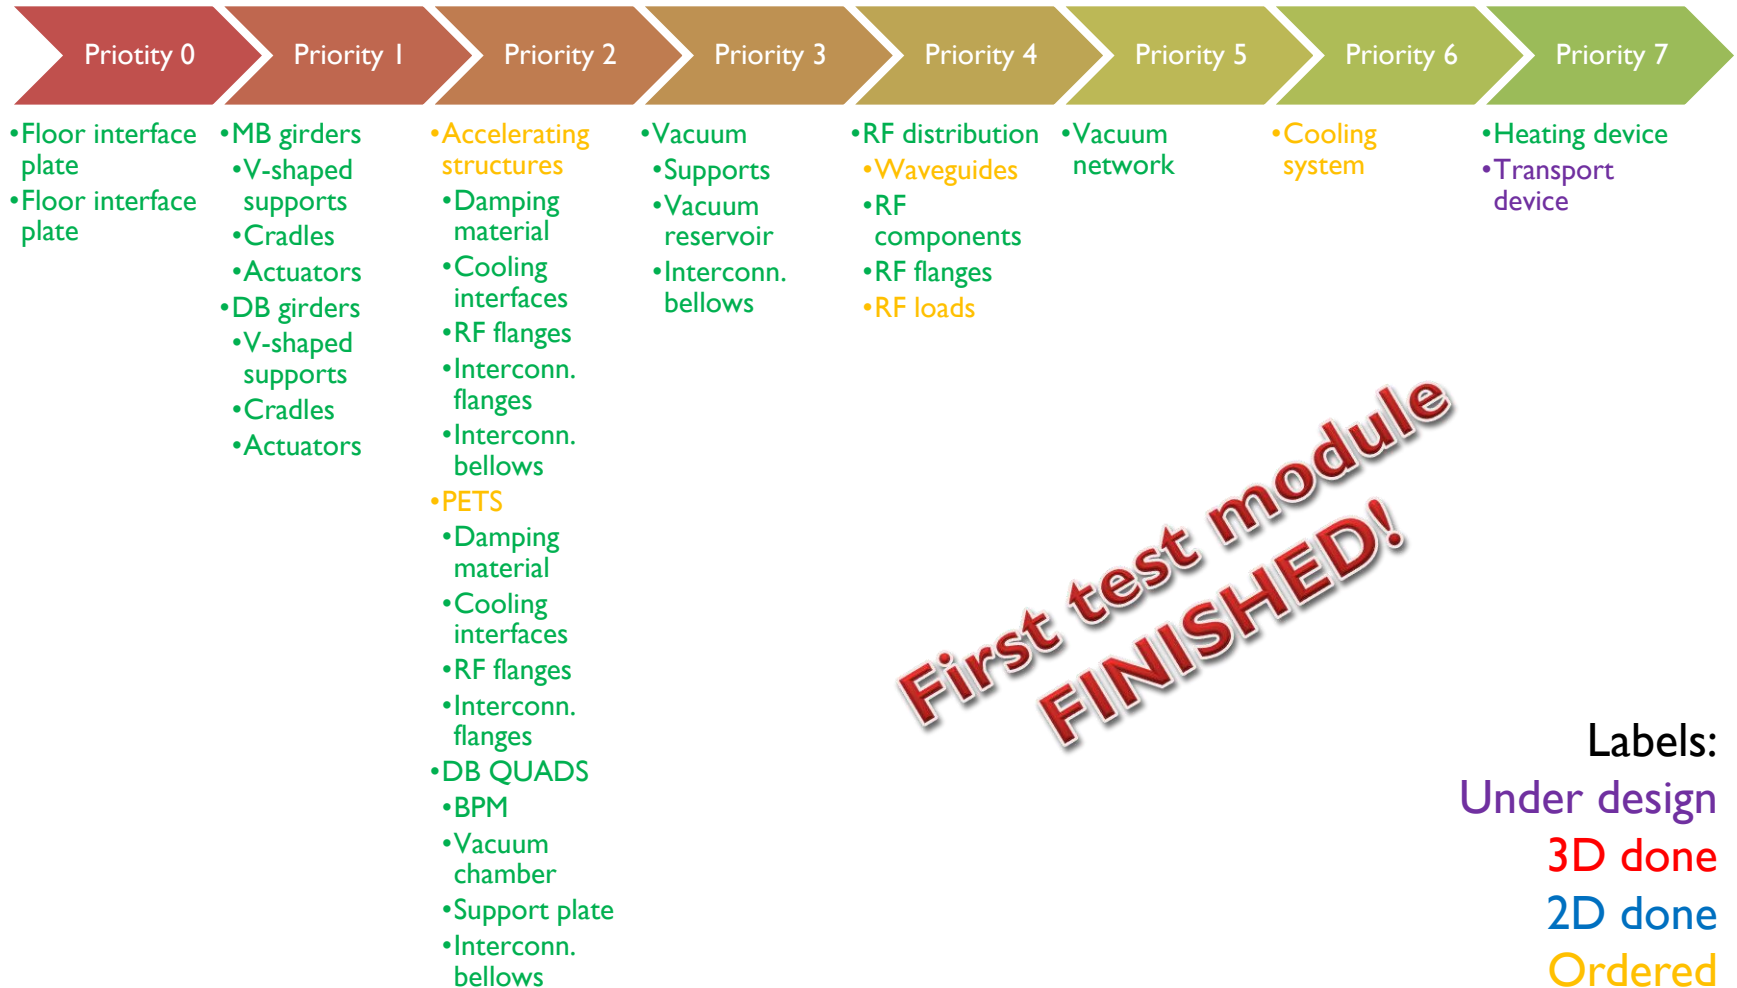

Updates of the last two weeks

- ▶ First test module type 0 **finished**.
- ▶ PETS drawings for TMI are **released**.
- ▶ RF network for TMI 3D model **completed**.
- ▶ DB V-Shape supports design optimization is **ongoing**.

Procuring overview TMO #2

**First test module
FINISHED!**

Labels:
Under design

Delivered

Procuring overview TM1

- Priority 0**
 - MB Floor interface plate
 - DB Floor interface plate
- Priority 1**
 - MB girders
 - V-shaped supports
 - Cradles
 - Actuators
 - MBQ pre-alignment system
 - MBQ stabilization system
 - DB girders
 - V-shaped supports
 - Cradles
 - Actuators
- Priority 2**
 - Accelerating structures
 - Damping material
 - Cooling interfaces
 - RF flanges
 - Interconn. flanges
 - Interconn. bellows
 - Drift tubes
 - PETS
 - Damping material
 - Cooling interfaces
 - RF flanges
 - Interconn. bellows
 - Drift tubes
 - MBQ
 - MBQ BPM
 - DBQ
 - BPM
 - Vacuum chamber
 - Support plate
 - Interconn. bellows
 - Drift tube
- Priority 3**
 - RF distribution
 - Waveguides
 - RF components
 - RF flanges
 - RF loads
- Priority 4**
 - Vacuum support
 - Vacuum reservoir
 - Interconn. bellows
 - Mini-pumps
- Priority 5**
 - Cooling system
- Priority 6**
 - Heating device
 - Transport device

Optimiz. study

Drawings released

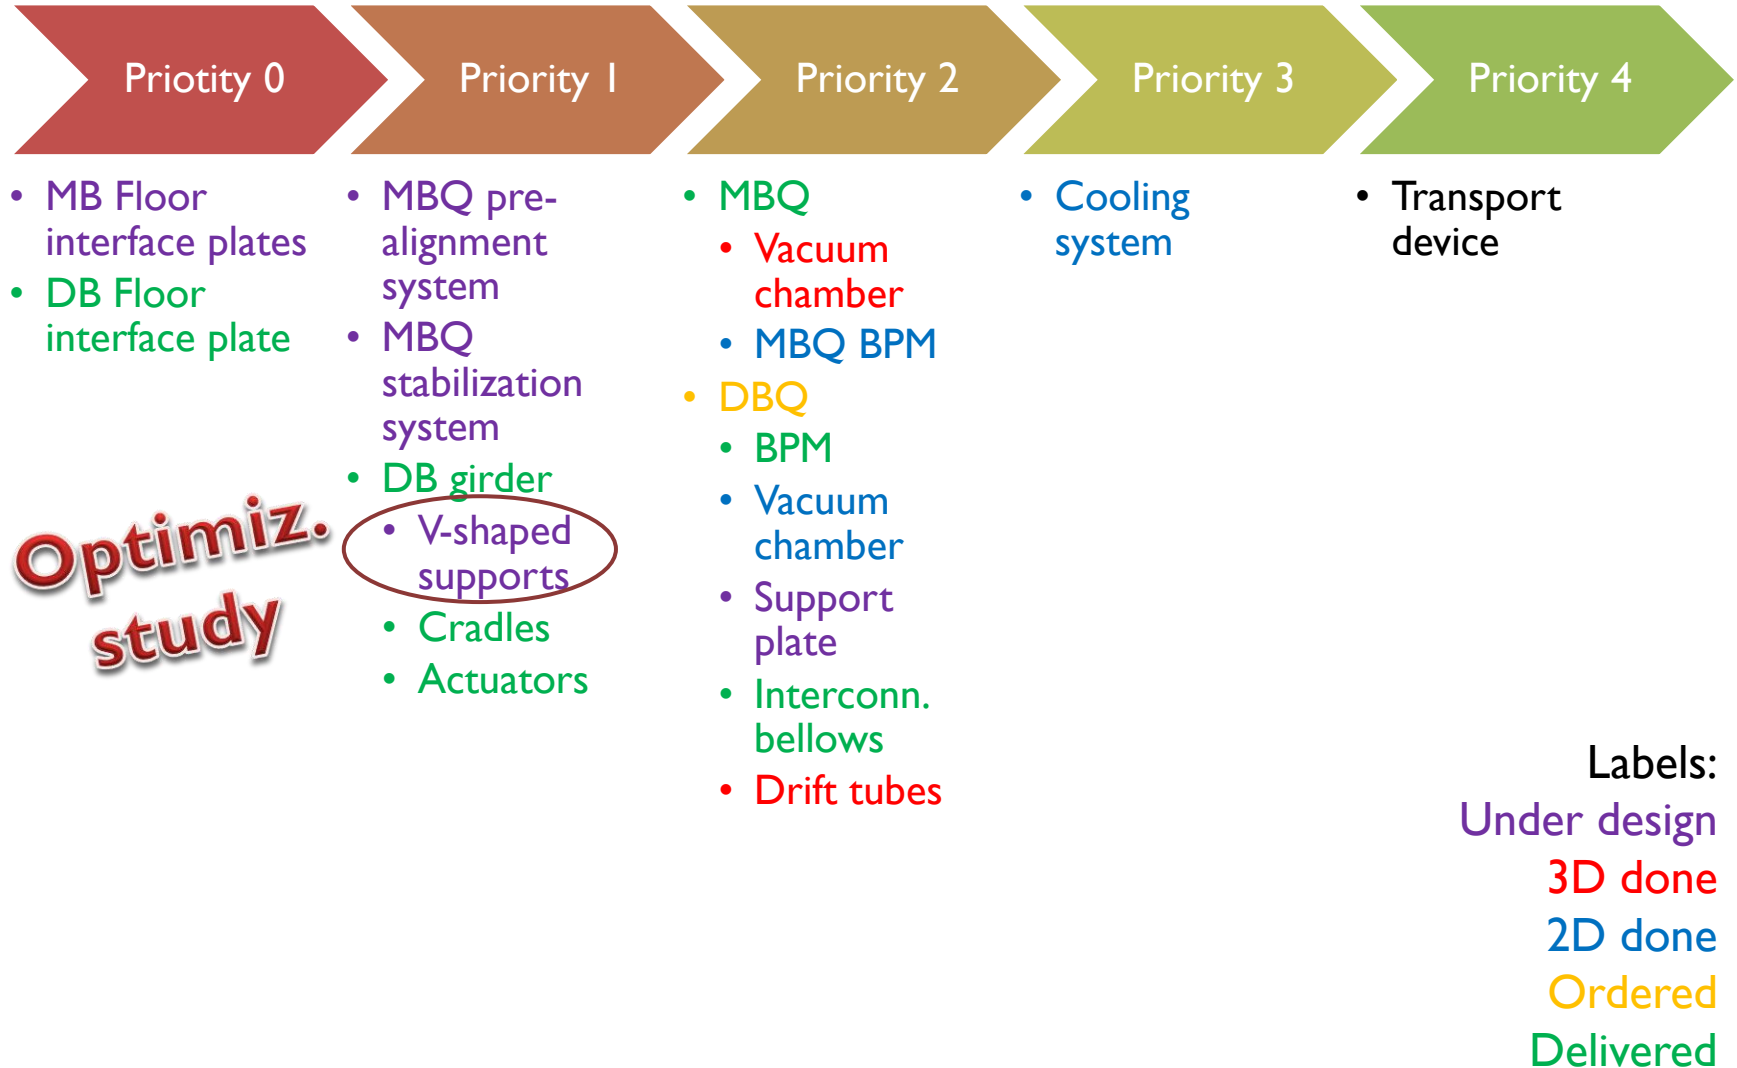

3D done

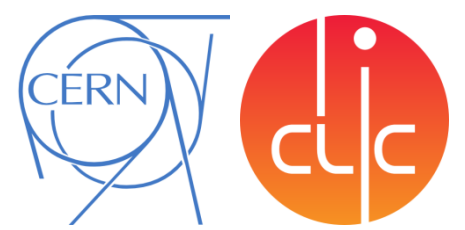

- Labels:
- Under design
