

**Session Program**

**8-9 Jun 2026**

**Low Density Materials for Particle  
Accelerator Applications**

***Session 1A: Applications, State-of-the-art  
and needs of the community***

University of Bath 10W 2.45

# Monday 8 June

11:30

## Session 1A: Applications, State-of-the-art and needs of the community

**Session** | **Location:** University of Bath 10W 2.45 | **Convener:** Thierry Stora

11:30-12:00 **Nanostructured and low-dimensional materials for targets**

**Speaker**

Simon Thomas Stegemann

12:00-12:30 **Development of low density materials for beam strippers**

**Speaker**

Wim Weterings

12:30-13:00 **Experience with CNTs at ISIS**

**Speaker**

Emi Yamakawa

13:00
