Session Program

16 April 2026

Task force - RA building optimisation #5

Seismic safety requirements, design standard for steel structures

CERN, 112/2-032

Thursday 16 April

14:35
14:50

Seismic safety requirements, design standard for steel structures: Seismic safety requirements

Session | **Location:** CERN, 112/2-032 | **Convener:** Marco Andreini
